

THE COMPLETE GUIDE TO DESIGNING FOR

Your Wedding

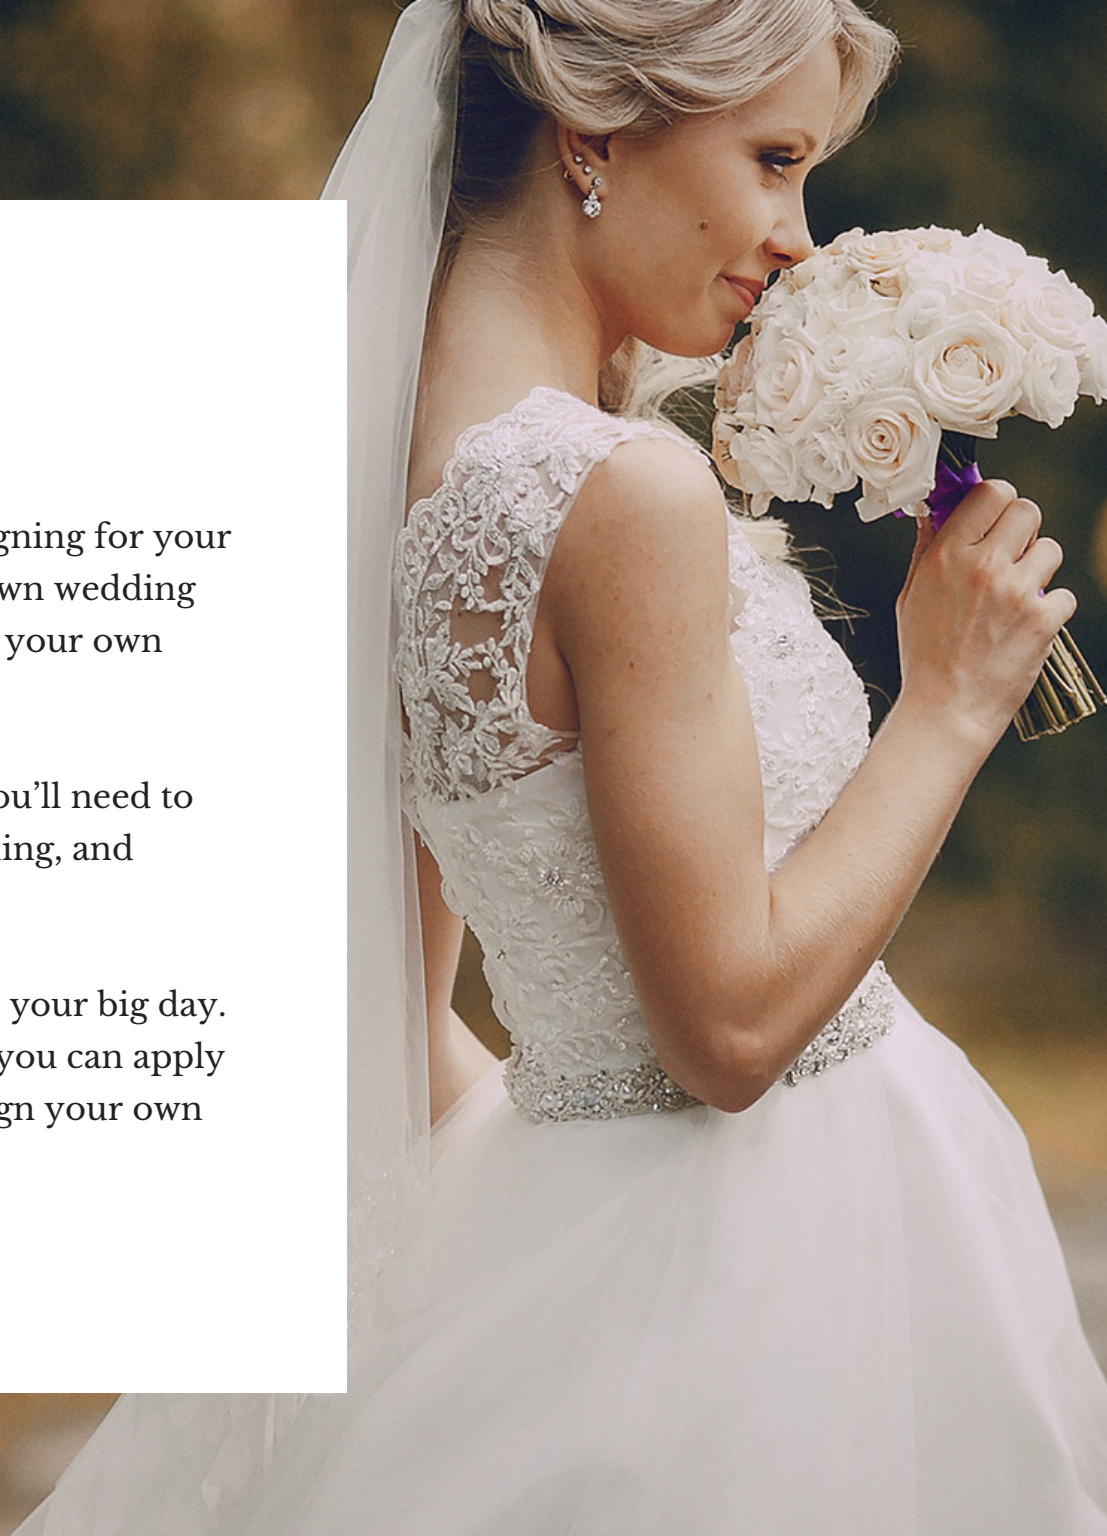

PART II: BRIDAL SHOWER INVITATION AND PLACE CARDS

PART TWO INTRODUCTION

Last week, you received Part I of our guide to designing for your own wedding. In it, we helped you develop your own wedding brand, then we walked you through how to design your own wedding invitation and save the date cards.

Hopefully, you learned a lot of the design basics you'll need to have at your disposal to design for your own wedding, and hopefully you found your feet in Canva.

In this Part we're assuming you're getting closer to your big day. To that end, we're going to show you exactly how you can apply the wedding brand you developed in Part I to design your own bridal shower invitations and guest place cards.

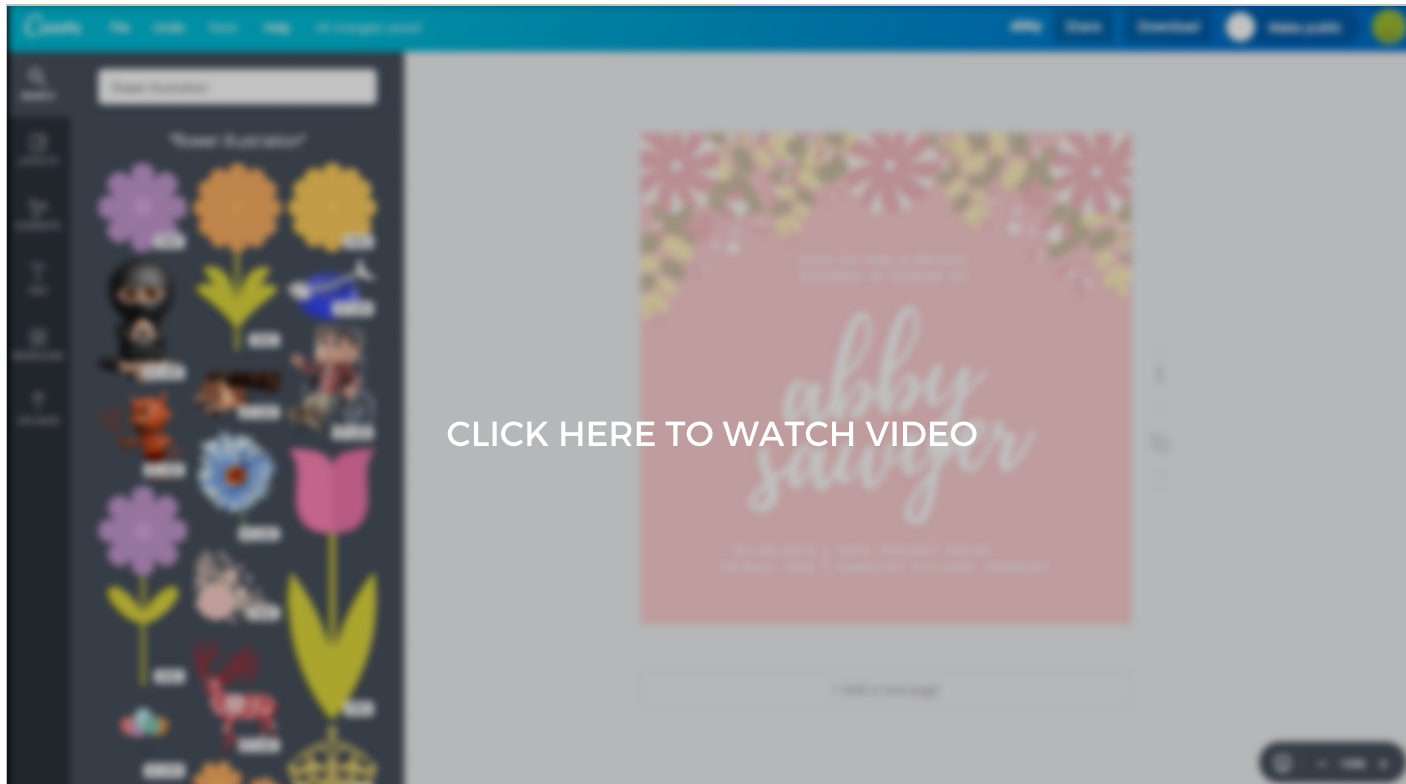

DESIGNING YOUR BRIDAL SHOWER INVITATION

A bridal shower is a treasured wedding tradition where the bride-to-be celebrates her impending nuptials with a gift-giving party held with close family and friends.
